

Our Wish List

There are items that our team would like to have that support our work with our consumers. Some of the items are simply out of our budget. If you would like to help, we would be grateful for your assistance:

- Complete place settings of formal dinner ware:
 - China
 - Glassware
 - Silverware

This is for our “Elbows Off the Table” class that teaches dinner etiquette and what are the right silverware, cups, and dishes in a formal setting. We use this class for our youth programs, etiquette class, and even in our job placement program.

- Kitchen equipment and items

We do teach individuals and classes how to cook basic meals. We have a few pieces of kitchen equipment and items, but we could use more. Here is our current list of needs:

- Pots and pans
- Everyday silverware
- Serving utensils
- Cookbooks
- Baking pans and trays
- Stand mixer
- Hand mixer
- Blender
- Cutting boards

- Stamps and note cards

This is for our relationship and communication classes as well as skill rebuilding for those new to a disability.

- Office supplies

We make kits to give to our job placement participants for their new positions as well as use them in teaching office skills

- Travel size items

We make hygiene kits for participants in our daily living skills classes and other programs. These are unopened travel items that can go into our kits. We can use every item, but currently we are in need of:

- Shaving cream
- Razors
- Toothbrushes
- Toothpaste
- Mouthwash
- Shower caps

- Electronic communication tools

We use communication tools frequently. Items like tablets or notepads allow us to work with our consumers by using these tools to open up communication lines.

We appreciate all our donors for their care and support!
