

2016 Gingerbread Competition

The great Gingerbread Competition of 2016 was a lot of fun! To give you a little background, we will start with what you already know; it has been a rough year (actually more than 18 months) at NICIL. We have lost our team members to the budget impasse and the pressure to fill in for 5 team members as well as our regular duties has been stressful, to say the least. But, in true NICIL tradition, our team, small and mighty keeps going every day.

Now back to the competition! We were working on planning for 2017 and decided to take a break. Our team thought it was for cookies but we surprised everyone with a small Gingerbread Competition. See the photographs for the results! It was fun; we ate cookies and candy, or as we now call them, roofing materials! It was a nice break for a little bit and a great stress reliever!

Next year, we might build a bigger house or even a whole village! But this year we are proud of the fact that we made it a whole other year of service to our consumers. Thanks to our team, Board of Directors, volunteers, and consumers. Together we are living independently!
