

Come On Spring

Don't know about you, but we are ready (read really ready!) for Spring! We appreciate that this winter has been less harsh and we appreciate that it has been warmer (sometimes) then we anticipate, but we are just ready for Spring.

Spring has always held a special place in the hearts of many. The fresh smells of the crisp spring air, the greening of the grass, the world seems to come alive.

There is so much going on right now as we get ready for Spring. We have classes; we are working on our Jobs programs and planning many new things that we at NICIL are very excited about.

Sadly we still have the overwhelming burden of the budget impasse. As the days countdown to February 28 we pray and advocate to our Governor and legislators to work together. If our State shuts down due to the lawsuit pending on February 28, it will not be good. In fact there are many agencies that may not be able to financial to stay open or reopen. Folks this is a devastating to your benefits and services! Get your voice hear! Let the Governor and the legislators know that enough is enough; the budget needs to be settled now!

Need help in advocating? Let us know, but your voice is important for you and for all of Illinois!
