

Recycling

Did you know...

- A refrigerator that is 15 year old or older could cost as much as \$110 in electricity a year and twice the energy as a newer model!
- Com Ed will pick up your working refrigerator or freezer, then responsibly recycle for free. They will even send you \$50 for doing this!
- Com Ed will accept working dehumidifiers and room air conditioners for recycling as well! Free pick and bonus, \$10 each for your recycling!
- How to schedule your recycling pick up? Comed.com/Recycling
- Want more tips? See the Energy Force Ambassador at a community event or contact us at 815-625-7860 or via email at frontdesk@nicil.org
